

The
DISCOVERIES
OF THE
WATER
under the Command of
Captain Franklin R.N.
Near the mouth of the Mackenzie River.
And on the **Sea Coast** East & West.
A.D. 1825-26.

Those to the westward of Point Separation having been made under the direction of Capt. Franklin, and those to the eastward as far as Coppermine River and round Great Bear Lake by the detachment under the direction of DOCTOR RICHARDSON, Lieut. (now Commander) G. Back R.N. carried on the Survey to the westward of Point Separation (the Astronomical Observations being made by Capt. Franklin); and the Survey of the eastern portion was entirely conducted by M^r (now Lieut.) E. N. KENDALL R.N. ASSISTANT SURVEYOR, by whom this Map has been compiled.
